

# 2009 | Corporate Timeline

## Flash Timeline Design

'Slinky' Layout

Top-down View (Selected card in front)

### CARD ANIMATION

- Cards fly onto the screen as they load.

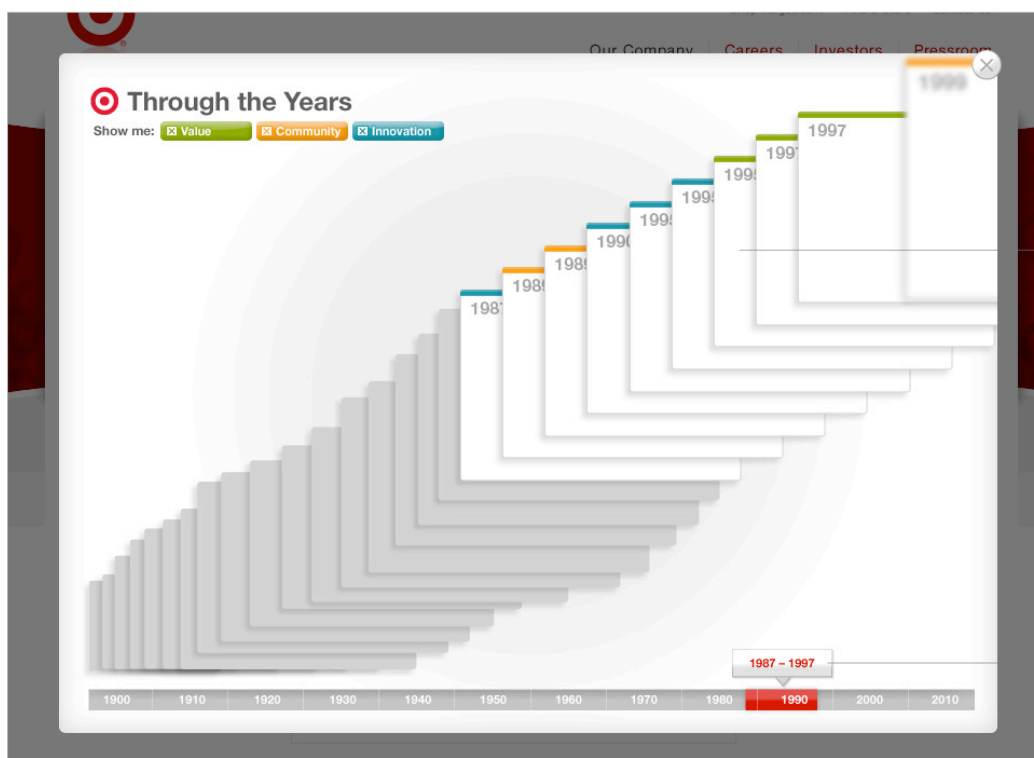

### LOADING INDICATION

- As cards load, the red bar scales to indicate which years are being displayed.
- The year callout displays the exact date range that has loaded.

### SELECTED CARD

- The selected card slides out and forward when clicked.

### NO SELECTED CARD

- Closing a card causes it to slide back in to the deck.
- All cards show, with the selected range at the upper right

Year callout and red bar indicate the visible cards' date range.

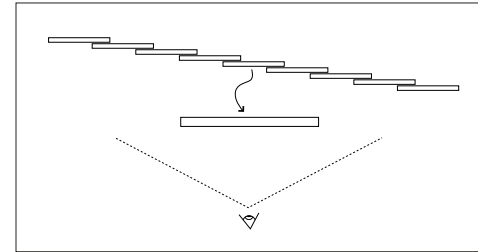

# 2009 | Corporate Timeline

## Flash Timeline Design

'Deck of Cards' Layout

Top-down View (Selected card in front)

### CARD ANIMATION

- Cards fly onto the screen as they load.
- Once full timeline is loaded, it scales up in size and focuses on the most recent card.

### LOADING INDICATION

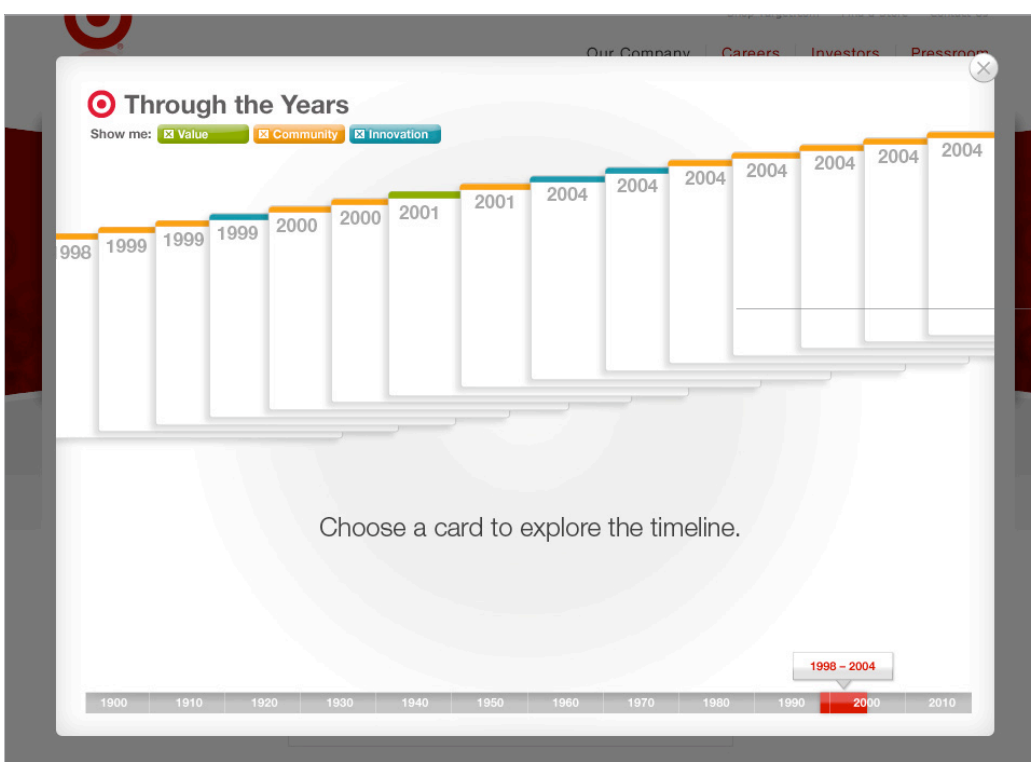

- As cards load, the red bar scales to indicate which years are being displayed.
- The year callout displays the exact date range that has loaded.

### SELECTED CARD

- The selected card slides out and forward when clicked.
- The other cards dim once a single card is selected.

Year callout and red bar indicate the visible cards' date range.

### NO SELECTED CARD

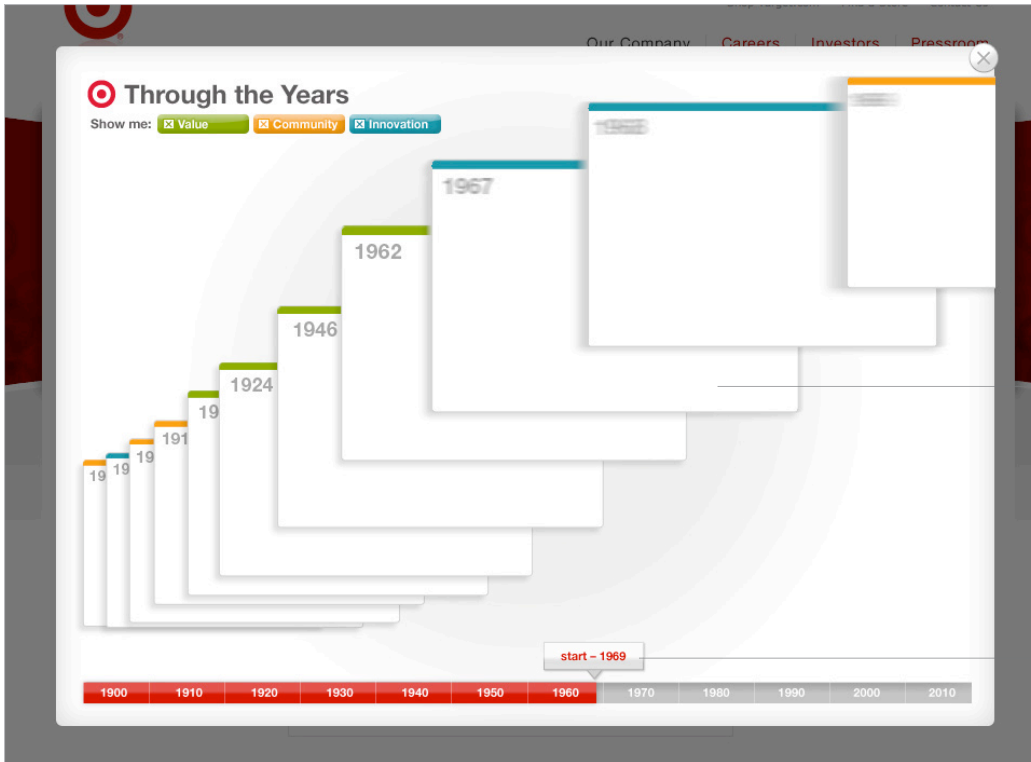

- Closing a card causes it to slide back in to the deck.
- All cards show, undimmed.

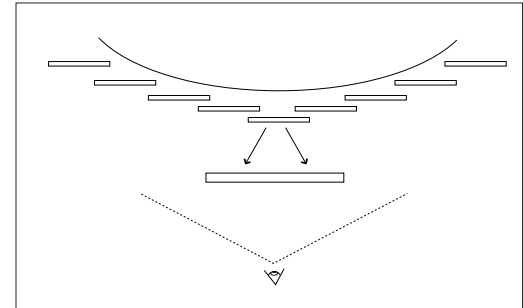

# 2009 | Corporate Timeline

## Flash Timeline Design

'Half Carousel' Layout

Top-down View (Featured card in front)

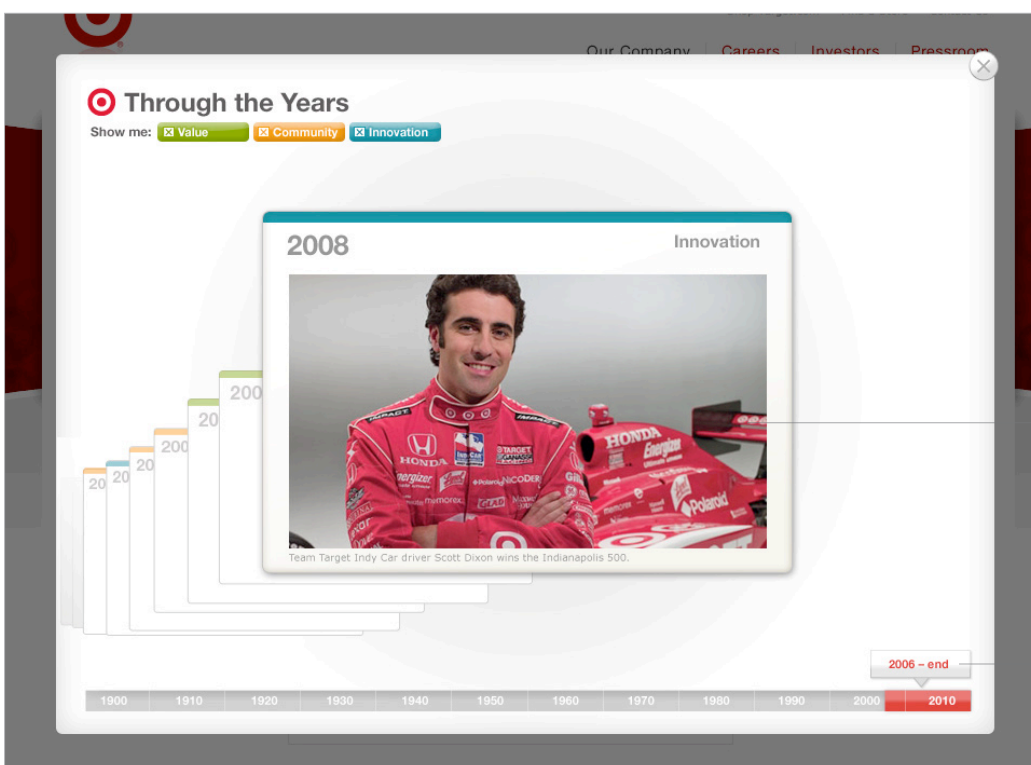

### CARD ANIMATION

- Cards fly onto the screen as they load.

### LOADING INDICATION

- As cards load, the red bar scales to indicate which years are being displayed.
- The year callout displays the exact date range that has loaded.

### CARD ANIMATION ENDS

- The last card to animate in (the most recent) becomes the featured card

Year callout and red bar indicate the visible cards' date range.

### SELECTED CARD

- The selected card slides out and forward when clicked.
- The other cards dim once a single card is selected.
